Plants of Rajasthan

FIELD GUIDE

Preface

Rajasthan's diverse landscapes, from arid zones and the Aravalli hills to forests, wetlands and farmlands, support remarkable plant diversity. Documenting it is essential for advancing botanical knowledge, field-based learning and conservation.

This mini booklet cum field guide aids preliminary plant identification through photographs, scientific names, families and local names. It is intended for students, researchers, field botanists and nature enthusiasts.

All photographs were taken by the authors in the field, and identifications are based on observable morphological characters. This guide is a practical aid only and does not replace floras, taxonomic revisions or herbarium verification; names may be revised as new evidence emerges.

As Editor and Author, I hope it encourages careful observation of plants. Suggestions and corrections are welcome.

About Plants of Rajasthan Portal

Plants of Rajasthan (www.plantsofrajasthan.com) is a collaborative digital platform dedicated to documenting, exploring, and understanding the rich plant diversity of Rajasthan, India.

The website brings together botanists, taxonomists, researchers, students, and nature enthusiasts to support plant identification, botanical documentation, and knowledge sharing.

It aims to provide accessible information on plant species, including their scientific names, classification, common names, and distribution. Through contributions from researchers and field observations, the platform encourages botanical research, biodiversity awareness, and the documentation of Rajasthan's flora.

Plants of Rajasthan serves as a valuable resource for education, field studies, and nature conservation, connecting scientific knowledge with the people interested in the state's botanical heritage.

Acanthaceae

जंगल कालमेघ

Andrographis echioides

King of Bitters, हरा चिरायता , कालमेघ

Andrographis paniculata

चापरी (Chapari)

Barleria acanthoides

वज्रदंती (Vajradanti)

Barleria prionitis

छोटा उतंजन, Narrow-Leaf Blepharis

Blepharis integrifolia

उच्चाटा, भंगारी

Blepharis linariaefolia

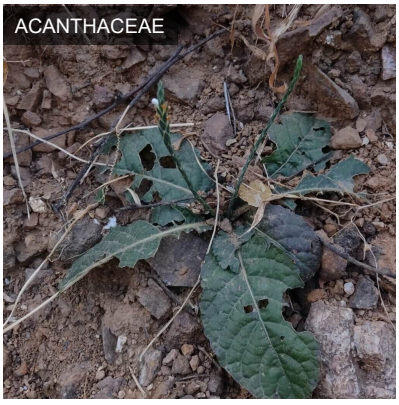

दूधिया चोटी, उटंगन

Blepharis maderaspatensis

काकजंघा (Kakajangha)

Dicliptera paniculata

पत्थरचट्टा

Elytraria acaulis

गुलशाम, नील वासक

Eranthemum roseum

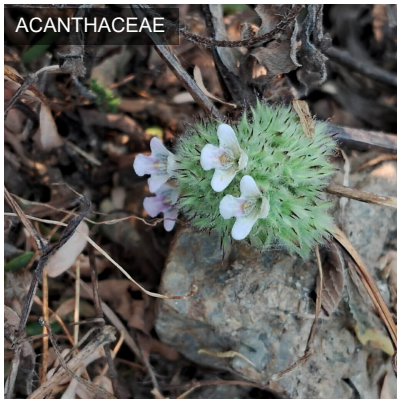

Alduso, अलसोट्या (Alsotya)

Justicia adhatoda

Five-Angled Justicia

Justicia quinqueangularis

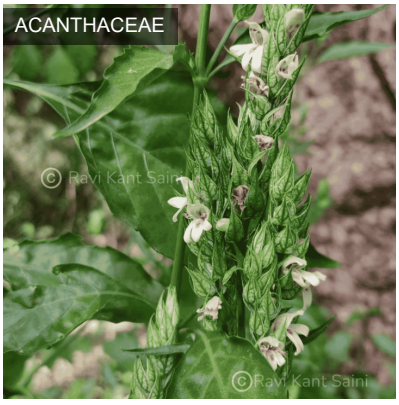

बुख़ार जडी

Lepidagathis cristata

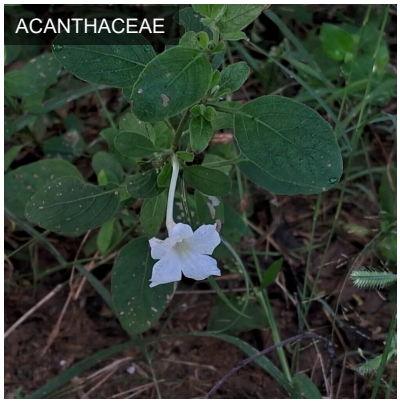

पत्थरफोड़ बूटी, सफेद रासना

Lepidagathis trinervis

Squirrel Tail, हाड़पात , मोकंदर

Nicoteba betonica

Spreading Ruellia

Ruellia patula

मैक्सिकन पेटुनिया

Ruellia simplex

चटकनी फली , चटपटी

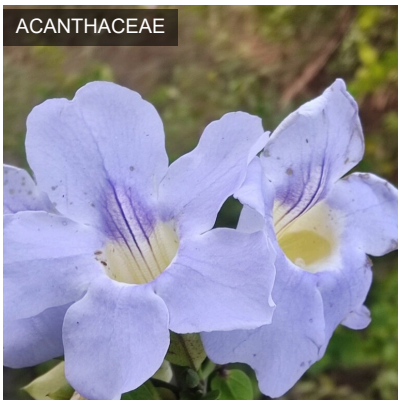

Ruellia tuberosa

Acanthaceae, Aizoaceae and Amaranthaceae

थुनबर्गिया

Thunbergia alata

Neel Lata (नील लता)

Thunbergia grandiflora

साटा, Desert Horse Purslane

Trianthema portulacastrum

आंधी झाड़ों, अपामार्ग (चिरचिट)

Achyranthes aspera

Dessert cotton, Safed bui, बुई

Aerva javanica

Purple alternanthera, Joyweed

Alternanthera brasiliana

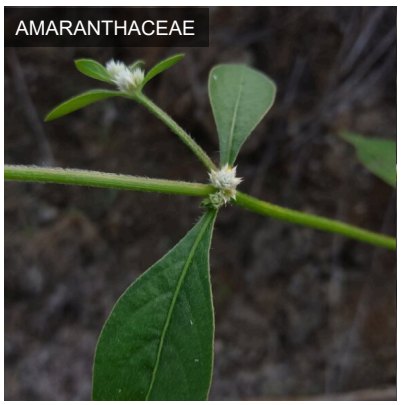

Fig Joyweed

Alternanthera ficoidea

असमिया. पानी-खुतुरा.

Alternanthera pungens

Tropical Amaranth

Amaranthus polygonoides

Amaranthaceae and Amaryllidaceae

मोरशिखा (Morshikha)

Celosia argentea

false amaranth

Digera muricata

Cockscomb Gomphrena

Gomphrena celosioides

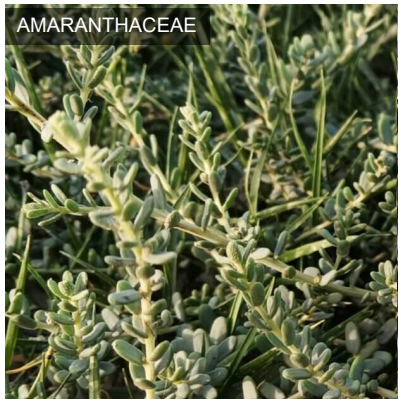

Globe Amaranth, गुल-ए- मख़मल

Gomphrena globosa

चिरचिट्टा , नागबाला

Pupalia lappacea

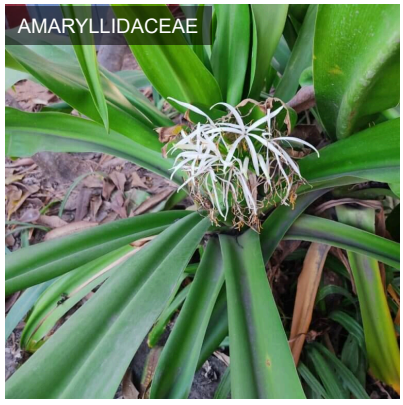

shrubby seablite

Suaeda fruticosa

प्याज

Allium cepa

नागदमनी, सुखदर्श

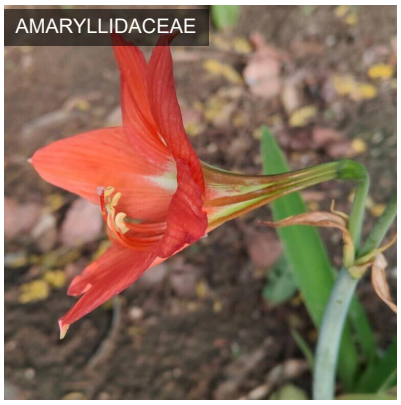

Crinum asiaticum

चक्राङ्गी, मधुपर्णिका, सुदर्शन

Crinum latifolium

Amaryllidaceae, Anacardiaceae and Annonaceae

मैक्सिकन लिली

Hippeastrum reginae

स्पाइडर लिली

Hymenocallis littoralis

White Rain Lily

Zephyranthes candida

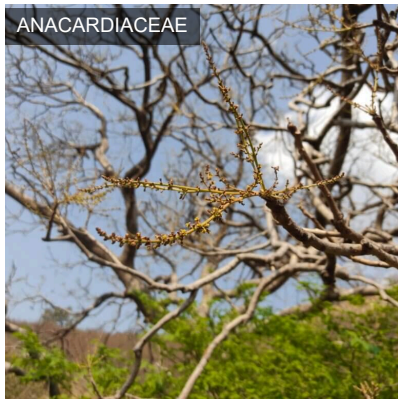

Yellow Rain Lily

Zephyranthes citrina

Rain lily

Zephyranthes minuta

गुर्जन, झींगन, गोंदल

Lannea coromandelica

Mango/ आम

Mangifera indica

डानिये, डासरे

Rhus trilobata

Sitafal

Annona squamosa

Annonaceae and Apocynaceae

हूम, करी, अंबिया

Miliusa tomentosa

आशफला, नकली अशोक

Monoon longifolium

Desert Rose

Adenium obesum

बैंगनी अल्लामांडा

Allamanda blanchetii

पिलाघंती, घंटा फूल

Allamanda cathartica

सप्तपर्णी, शैतान का झाड़

Alstonia scholaris

मदार, आक, आकड़ा

Calotropis procera

करौंदा

Carissa carandas

पीली कनेर

Cascabela thevetia

Wild Catharanthus

Catharanthus pusillus

सदाबहार

Catharanthus rosea

दूधी बेल

Cryptostegia grandiflora

कडवा इंद्रजव, कुटज, कड़वासरा

Holarrhena pubescens

काली दूधी/श्यामलता

Ichnocarpus frutescens

अकड़ बेल, हरणडोडी

Marsdenia volubilis

Oleander/ कनेर

Nerium oleander

दूधिया लता, जल जीवंती

Oxystelma esculentum

आकरी बेल, काकनासिका

Pentatropis nivalis

Plants of Rajasthan .com

A comprehensive eFlora of Rajasthan

A Pictorial Flora of the State

"**Plant of Rajasthan**" is a comprehensive and visually rich guide to the diverse flora of the state of Rajasthan. This invaluable resource has been meticulously created to assist in the correct identification and classification of the region's plant species. This portal is a collaborative effort of expert plant taxonomists, naturalists, and botanists who possess an in-depth understanding of plant identification.
